

Act on a Candidate's Election Funding
(273/2009)

Section 1 – *Scope of application and purpose*

- (1) This Act lays down provisions on candidate's election funding and its disclosure in parliamentary elections, a Presidential election, municipal elections and European Parliamentary elections.
- (2) The purpose of this Act is to increase the transparency of election funding, provide information on the candidates' potential ties to third parties, and to restrain the increase in the cost of election campaigns.

Section 2 – *Candidate's election funding*

- (1) For the purposes of this Act, *election funding* means the funding raised to cover the costs of the candidate's election campaign incurred over a period starting no earlier than six months before the election day and ending no later than two weeks after the election day irrespective of when such costs are paid.
- (2) A candidate's election funding may consist of:
 - 1) the candidate's own funds and any loans taken out by the candidate for the campaign;
 - 2) campaign contributions received by the candidate, his or her support group or other entity operating exclusively for the purpose of promoting the candidate; and
 - 3) other campaign contributions.

Section 3 – *Calculation of the value of the campaign contributions*

- (1) Campaign contributions received in the form of money, goods, services or other performances are deemed to constitute election funding. However, ordinary voluntary work and free services are not regarded as campaign contributions.
- (2) All disclosures of election funding are to be reported in gross amounts.
- (3) The value of campaign contributions provided in forms other than money is to be estimated and the contributions reported as cash amounts.
- (4) All campaign contributions received from the same donor are to be added up and reported as a single campaign contribution item.

Section 4 – *Limitations on election funding received by a candidate*

- (1) No candidate, his or her support group or other entity operating exclusively for the purpose of promoting the candidate may accept any campaign contributions unless the donor can be identified. However, this does not apply to campaign contributions received as a result of ordinary fund-raising activities.
- (2) No candidate, his or her support group or other entity operating exclusively for the purpose of promoting the candidate may accept campaign contributions from a single donor in excess of 3,000 euros in municipal elections, 6,000 euros in parliamentary elections and 10,000 euros in the European Parliamentary elections. However, this limitation does not apply to campaign contributions received from the registered associations of political parties.

Section 5 – *Disclosure obligation*

- (1) An election funding disclosure is to be filed by:
 - 1) a member of Parliament elected in parliamentary elections and an alternate member appointed upon confirmation of the election results;
 - 2) the political party nominating a candidate for a Presidential election and the polling representative of the constituency association nominating a candidate or their alternate;

- 3) a council member and an alternate member elected in municipal elections; and

 - 5) any other information on election funding and campaign costs that the discloser deems appropriate.
- (2) Each individual campaign contribution and its donor must be disclosed separately, if the value of such contribution exceeds 800 euros in municipal elections, 1,500 euros in parliamentary elections or 2,000 euros in European Parliamentary elections or a Presidential election. If such a contribution is made by purchasing identifiable goods or services or otherwise for consideration, only the net value of such contribution is to be disclosed separately.
- (3) If the candidate, his or her support group or other entity operating exclusively for the purpose of promoting the candidate has taken out a loan to cover the costs of the election campaign, the disclosure must be accompanied by a repayment plan for such a loan.
- (4) The name of a private individual may not be disclosed without his or her express consent if the amount donated is lower than the amount specified in subsection 2.

Any penalty payment will be imposed by the penalty payment board referred to in section 15 of the Act on the National Audit Office of Finland (676/2000 Laki valtionalouden tarkastusvirastosta).
